

MATERIAL SAFETY DATA SHEET

Re-issue Date February 2011

1. IDENTIFICATION OF THE MATERIAL AND SUPPLIER

Product Name INKJETPRO AQUATHANE

Use A waterbased clear coat for protecting digital prints.

Distributor Giclee Media Supplies (ACN 68 584 655 463)
2/13-15 Kevlar Close, Braeside VIC 3195
1300 443325 (within Australia)
+61 3 8682 9587 (International)

2. HAZARDS IDENTIFICATION

Hazardous Substance according to criteria of NOHSC

Non Dangerous Good according to criteria of the ADG code

Risk Phrases R61 May cause harm to the unborn child.

Safety Pregnant women should avoid contact with this product.

3. COMPOSITION / INFORMATION ON INGREDIENTS

Substance	Proportion	CAS Number
N – Methyl-2-pyrrolidone	5 - 10%	872-2-50-4

4. FIRST AID MEASURES

Ingestion

If swallowed induce vomiting. Use Ipeac syrup if available. Seek immediate medical attention.

Eye contact

Flush eyes with large amounts of water until irritation subsides. Hold eye lids apart. Seek medical attention if irritation persists.

Skin contact.

Wash affected skin with soap and water..

Inhalation

Move the affected person from the exposure into fresh air.

Advice to Doctor

Treat according to symptoms

5. FIRE FIGHTING MEASURES

Not flammable

6. ACCIDENTAL RELEASE MEASURES

Emergency Procedures

Contain the spill to avoid environment contamination.

Methods and materials for containment

Contain the spill using absorbent or inert material such as sand or earth. Clean up the spill area and containerise the contaminated material for disposal. Do not flush to drains or waterways.

7. HANDLING AND STORAGE

Precautions for Safe Handling

Avoid contact with skin and eyes.

Conditions for Safe Storage

Store in a cool dry area and out of direct sunlight. Keep container closed when not using product.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

National Exposure Standards

There is no exposure standard available for this product.
N methyl pyrrolidone has a TWA 25 ppm (103 mg/m³) and STEL 75 ppm (309 mg/m³)

Engineering Controls

Maintain adequate ventilation at all times.

Personal Protection Equipment

Avoid unnecessary contact with the skin and eyes. If possible wear protective

clothing and wear eye protection.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Slightly Milky liquid
Boiling Point/Range	No data
Specific Gravity	1.05
Flash Point	Not available
Flammability Limits	Not available
Solubility in water	Miscible with water
VOC	75 to 85 gms per litre

10. STABILITY AND REACTIVITY

Chemical Stability

Stable under normal storage and handling conditions

11. TOXICOLOGICAL INFORMATION

Acute Health Effects

Ingested

May cause irritation to mouth, throat and stomach.

Eye

May cause irritation to the eyes.

Skin

May cause irritation to the skin.

Inhaled

May cause dizziness and drowsiness.

Chronic

Prolonged exposure or repeated skin contact may cause dermatitis and sensitization.

N- methyl -2- pyrrolodiene has been identified as a reproductive toxicant. It may be harmful to the unborn child.

12. ECOLOGICAL INFORMATION

No environmental impact information is available for this product.
Avoid contaminating waterways, drains or sewers.

13. DISPOSAL CONSIDERATIONS

Disposal Methods

Dispose of material through a licensed waste contractor. Discharging waste into drains, sewers and rivers is forbidden.

14. TRANSPORT INFORMATION

Road and Rail

UN Number - Non assigned Not classified as a dangerous good.

For marine transport it is undetermined if it is a marine pollutant

Air Transport

Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) dangerous Goods regulation for transport by air : Non Dangerous Goods

15. REGULATORY INFORMATION

This material is hazardous according to criteria of NOHSC

16. OTHER INFORMATION

This Material Safety Data sheet has been constructed using the National Code of Practice for the Preparation of Material Safety Data Sheets, 2nd Edition (NOHSC:2011(2003)) with cross references to regulatory legislation and the use of supplier material safety data sheets.

The information herein is, to the best of our knowledge, correct and complete. It is meant to describe safety requirements of our products and should not be construed as guaranteeing specific properties. No warranty express or implied is made as to its accuracy, reliability or completeness.
